

Luyolo Paliso

UI Designer & Web Developer

luyolopaliso@gmail.com | 076 370 4031 | Cape Town, South Africa | palisson-tech.co.za

Multi-disciplinary professional with over 6 years of experience bridging the gap between high-fidelity UI design and production-ready code. Specialized in architecting performance-driven WordPress ecosystems, custom Salesforce landing pages, and responsive web applications. Expert at balancing aesthetic excellence with technical SEO and performance optimization.

CORE TECHNICAL PROFICIENCIES

Design	UI/UX Design, Figma, Adobe XD, Photoshop, Illustrator, InDesign, Prototyping, Wireframing
Development	HTML5, CSS3, JavaScript (ES6+), React, WordPress, Webflow, Salesforce, Technical SEO, GA4
Tools	VS Code, Git/GitHub, WP Engine, Ahrefs, Google Search Console, CRM Systems

PROFESSIONAL EXPERIENCE

Web Developer | MRI Software

July 2022 – February 2026

- Managed a fleet of 10+ regional WordPress sites and 20+ post-merger web properties, ensuring consistent brand identity and high performance.
- Optimized site performance using JavaScript, JSON, and jQuery, resulting in enhanced user engagement and faster load times.
- Conducted deep-dive technical SEO audits using Ahrefs and GA4, identifying and fixing critical indexability and organic performance issues.
- Designed and deployed high-converting landing pages within the Salesforce ecosystem, directly supporting global marketing campaigns.
- Standardized UI/UX workflows by implementing Figma design systems across multiple web properties.

Stack: HTML, CSS, JavaScript, WordPress, Salesforce, Figma, Photoshop, Illustrator, VS Code

Founder & Lead Developer | Palisson Technologies

March 2020 – Present

- Founded a boutique digital studio delivering custom web solutions and UI designs for diverse B2B and B2C clients.
- Owned the full project lifecycle: discovery, Figma prototyping, front-end development, and technical deployment.
- Utilized modern frameworks including React and Webflow to build responsive, accessible, and SEO-optimized websites.

Graphic Designer | Mission Holding Group

March 2021 – June 2022

- Conceptualized and delivered cross-channel digital and print assets for high-end real estate marketing.
- Managed WordPress updates and administered high-budget Facebook Ads campaigns to drive lead generation.
- Produced professional photography and video editing assets, enhancing property listing visuals.

Stack: Photoshop, InDesign, Illustrator, Adobe XD, WordPress

Web Developer (Intern) | Computer Science Software (Pty) Ltd

November 2018 – December 2019

- Led the UI/UX redesign of the primary corporate website, modernizing the interface and improving navigation metrics.
- Developed an HTML/JSP in-app help module for proprietary software, streamlining the customer support experience.
- Produced interactive technical video tutorials to assist in new client software onboarding.
