## PROFESSIONAL SUMMARY

Front End Developer with 6+ years of industry experience building responsive, production-ready websites and landing pages with **HTML, CSS, JavaScript and React**. A design background in Figma sharpens my approach to UI implementation, turning designs into clean, maintainable interfaces. Experienced in maintaining 30+ web properties, version control with GitHub, technical SEO and analytics-led optimisation.

## CORE SKILLS

**Front End Development:** HTML5, CSS3, JavaScript (ES6+), React, jQuery, JSON, JSP, responsive web design, cross-browser development

**CMS & Platforms:** WordPress, WP Engine, Webflow, Wix, Salesforce (landing pages)

**Tools & Workflow:** GitHub, VS Code, Figma, Adobe XD, Google Tag Manager, VWO

**Analytics & SEO:** GA4, Google Search Console, Ahrefs, SEMrush, technical SEO

**Design:** Figma, Photoshop, Illustrator, InDesign, UI design

**Professional:** Client communication, project management, documentation, cross-functional collaboration

## PROFESSIONAL EXPERIENCE

### Founder & Lead Front End Developer / UI Designer

Mar 2020 – Present

**Palisson Tech & Media — Cape Town, South Africa (Remote / Freelance)**

- Founded and run a digital studio building bespoke, responsive websites with HTML, CSS, JavaScript and React for small to medium-sized businesses across 15+ clients.
- Translate Figma designs into production-ready front-end code, owning the process end to end from design through development and delivery.
- Manage client engagement, project scoping, documentation and delivery for web builds.

**Tech & tools:** HTML · CSS · JavaScript · React · Figma · VS Code · Photoshop · Illustrator · InDesign

### Web Developer

Jul 2022 – Feb 2026

**MRI Software**

- Developed and customised themes and front-end functionality on WordPress and WP Engine using JavaScript, JSON and jQuery.
- Maintained 10+ regional sites and 20+ post-merger web properties, ensuring consistent performance across all digital touchpoints.
- Designed and built high-converting landing pages in Salesforce in close collaboration with marketing stakeholders.
- Ran technical SEO audits using Ahrefs, GA4 and Google Search Console to identify and resolve organic performance gaps.

**Tech & tools:** HTML · CSS · JavaScript · jQuery · JSON · WordPress · Salesforce · Figma · VS Code

### Graphic Designer

Mar 2021 – Jun 2022

**Mission Holding Group**

- Delivered print and digital design across a broad range of brand communications.
- Managed WordPress properties and administered Facebook Ads campaigns supporting digital outreach.

**Tech & tools:** Photoshop · InDesign · Illustrator · Adobe XD · WordPress

### Customer Service Associate

Jun 2020 – Mar 2021

**Amazon**

Supported North American customers with physical and digital order queries and handled technical troubleshooting escalations in a high-volume environment, building strong communication and problem-solving skills.

### Web Developer (Intern)

Nov 2018 – Dec 2019

**Profida Insurance Software Suite**

- Led the redesign of the company's public-facing website, modernising its UI and enhancing core functionality.
- Developed an HTML/JSP-based in-app help section integrated into the company's proprietary software suite.
- Produced interactive video tutorials for client software onboarding.
